Subject: RE: Continued meetings for discussion of Portland Harbor stormwater issues

So far the consensus is that Thursdays work well.

Our first meeting will be Thursday April 20th from 10-noon.

Subsequent meetings will be on two week cycles, from 1-3 PM (5/4, 5/18, 6/1, etc).

Karen, Dawn and I will coordinate on the agenda for the first meeting.

Thanks!

Keith

In follow up to the meeting on Monday at BES regarding PH stormwater, I'd like to propose a regular gathering time for the group to assemble to work on these broader issues. I want to first thank Rick for calling the initial meeting and framing the need. Since I had to shuffle off to tee ball, I am not sure the exact agreement on attendance and make up so I am inviting all of you at this point, including Kristine at EPA.

My initial thinking is the Thursdays opposite of the Outfall meetings- "Stormwater Thursdays"- from 1-3. They would start April 20th- which coincidentally Jim and I could only make if it were in the AM.

Let me know what days work for you, comments on frequency, and attendance, thanks.
